1 Wie einen passenden Katzennamen finden?

Sie haben sich für eine Katze/Kater als Haustier entschieden und haben noch keinen passenden Namen gefunden?

Im Weiteren bieten wir Ihnen eine Liste der geläufigsten Katzen- und Katernamen an um Sie bei Ihrer Suche zu unterstützen.

Einen passenden Namen für seinen Stubentiger zu finden ist überaus wichtig, schließlich spricht man die nächsten 20 Jahre die Mieze damit an.

Liste von Katzennamen

Zum einen kann man sich aus unserer Katzennamen / Katernamen (PDF) Liste einen ansprechenden Katzennamen aussuchen.

So verschafft man sich einen guten Überblick und bekommt erste Ideen.

Natürlich kann man die Namen auch miteinander kombinieren und so Doppelnamen kreieren.

Für Doppelnamen wählt man am Besten kurze Katzennamen aus.

Die kann sich die Mieze besser merken, sind eingängiger und man kann den Katzennamen schneller aussprechen.

Katzename mit Charakter

Eine weitere Möglichkeit einen passenden Katzennamen zu finden ist die Betrachtung des Charakters Ihrer Katze.

Ist eine Katze zum Beispiel sehr flippig, könnte der zukünftige Katzename zum Beispiel Flippi oder Flipps sein.

Eine Katze die besonders ausgeglichen und ruhig ist könnte man zum Beispiel Chilla, Schlappi oder Lax (von Relax) nennen.

Diese Art der Namensgebung gefällt uns persönlich am Besten, da der Name passend auf die Katze zugeschnitten ist.

Katzename passend zum Aussehen

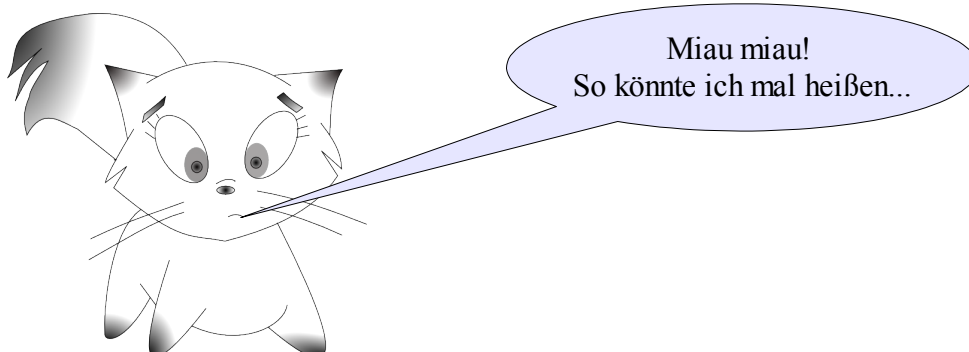

Eine weitere Möglichkeit einen Katzennamen zu finden ist die Betrachtungsweise äußerlicher Merkmale.

Eine gestreifte Katze könnte man zum Beispiel Streifi, Tiger oder Tabby nennen.

Für gefleckte Katzen wäre der Name Flecki, Klecks oder Pünktchen sehr gut geeignet.

Eine Mieze mit extrem langen und weichen Haaren könnte man zum Beispiel Flauschi nennen.

Die Möglichkeiten sind unendlich.
